INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the Borough Council Borough of Highlands County of Monmouth Highlands, New Jersey

We have audited the accompanying balance sheets - regulatory basis of the various funds and account groups of the Borough of Highlands (the "Borough"), as of June 30, 2012 and 2011, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended and the related statements of revenues - regulatory basis and statements of expenditures - regulatory basis for the year ended June 30, 2012. These financial statements - regulatory basis are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

The financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements. The LOSAP Fund financial activities are included in the Borough's Trust Fund and represent 17.03% and 24.10% of the assets and liabilities as of June 30, 2012 and 2011, respectively, of the Borough's Trust Funds.

As described more fully in Note 1, the Borough has prepared these financial statements using accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough, as of June 30, 2012 and 2011 or the results of its operations or cash flows of its proprietary fund types and nonexpendable trust funds for the years then ended.

Further, in our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund financial statements been audited, the financial statements - regulatory basis present fairly, in all material respects, the financial position - regulatory basis of the various funds and account groups of the Borough, as of June 30, 2012 and 2011, and the results of its operations and the changes in fund balance - regulatory basis of the individual funds for the years then ended and the statements of revenues - regulatory basis, and statements of expenditures - regulatory basis for the year ended June 30, 2012, on the basis of accounting described in Note 1 to the financial statements.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated January 8, 2013 on our consideration of the Borough's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in assessing the results of our audits.

Our audit was conducted for the purpose of forming opinions on the financial statements - regulatory basis of the Borough taken as a whole. The accompanying financial information listed as supplementary schedules and comments section in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements - regulatory basis. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the New Jersey State Division of Local Government Services and New Jersey State Office of Management and Budget Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid and is also not a required part of the financial statements - regulatory basis. The accompanying financial information listed as supplementary schedules and comments section in the table of contents and the schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements - regulatory basis. Except for the LOSAP Fund supplementary schedules, such information has been subjected to the auditing procedures applied in the audit of the financial statements - regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements - regulatory basis or to the financial statements - regulatory basis themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund supplementary information been audited, in our opinion, is fairly presented in all material respects in relation to the financial statements - regulatory basis taken as a whole, on the basis of accounting described in Note 1 to the financial statements - regulatory basis.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the Borough Council Borough of Highlands County of Monmouth Highlands, New Jersey

We have audited the financial statements - regulatory basis of the Borough of Highlands (the "Borough") as of and for the year ended June 30, 2012, and have issued our report thereon dated January 8, 2013 in which we expressed an adverse opinion on the conformity of the statements with accounting principles generally accepted in the United States of America. As described in Note 1 to the financial statements, the Borough prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion was also qualified because the Division of Local Government Services does not require the Length of Service Award Program to be audited, only reviewed. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

Management of the Borough is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Borough's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

This report is intended solely for the information and use of the governing body, management, others within the Borough, the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

The financial statements of the Borough of Highlands, County of Monmouth, New Jersey ("Borough") include every board, body, officer or commission maintained wholly or in part by funds appropriated by the Borough, as required by the provision of N.J.S. 40A:5-5. The financial statements, however, do not include the operation of School Boards, Highlands Housing Authority, Volunteer Fire Departments and First Aid Squads which are subject to separate audit. Included within the financial statements are taxes levied, collected and turned over to School Boards and appropriations for contributions to Volunteer Fire Departments and First Aid Squads. Complete financial statements of the above entities can be obtained by contacting the Treasurer of the respective entity.

B. <u>Description of Funds</u>

GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Codification establishes three fund types to be used by general purpose governmental units when reporting financial position and results of operations in accordance with GAAP.

The accounting policies of the Borough conform to the accounting principles and practices applicable to municipalities prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The accompanying financial statements are presented in the format prescribed by the State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and are a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds:

Current Fund - resources and expenditures for governmental operations of a general nature.

Grant Fund - accounts for receipts and disbursements of Federal and State Grants.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. <u>Description of Funds (continued)</u>

<u>Trust Funds</u> - receipts, custodianship, and disbursements of monies in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. General bonds and notes payable are recorded in this fund and are offset by deferred charges to future taxation.

<u>Water-Sewer Utility Operating and Capital Funds</u> - are used to account for Water/Sewer operations that are financed through user fees. The funds are operated on a basis similar to private business enterprises where the intent is that the costs of providing the Water/Sewer Utility to the general public be financed through user fees. Operations related to the acquisition of Water/Sewer capital facilities are recorded within the Water/Sewer Utility Capital Fund. Bonds and notes payable of the utility are recorded in the Utility Capital Fund.

<u>Payroll Fund</u> - receipts and disbursements to account for the payroll and payroll tax liabilities of the Borough.

<u>General Fixed Assets Account Group</u> - reflects estimated valuations of land, buildings and certain moveable fixed assets of the Borough as discussed under the caption of "Basis of Accounting".

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. The more significant differences are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

<u>Property Taxes and Other Revenues</u> - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts. Property taxes are payable quarterly on the first day of February, May, August, and November.

<u>Grant Revenues and Expenditures</u> - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they are earned and the expenditures to be recognized when the liability is incurred.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Expenditures</u> - unexpended or uncommitted appropriations, at June 30, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

<u>Encumbrances</u> - contractual orders at June 30, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

<u>Appropriation Reserves</u> - are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

<u>Deferred Charges</u> - the regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheet. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at June 30, 2012 is set forth in Note 8.

<u>Compensated Absences</u> - expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

<u>Property Acquired for Taxes</u> - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Asset Group at its market value.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Interfunds</u> - interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset as reserves. GAAP does not require the establishment of an offsetting reserve.

<u>Inventories of Supplies</u> - the costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The inventories have offsetting reserve amounts.

<u>Fixed Assets - Utility</u> - property and equipment purchased by the Utility Fund is recorded in the Utility Capital Fund at cost and is adjusted for dispositions and abandonments. The amount reported for reserve for amortization of fixed capital acquired on the balance sheet of the Utility Capital Fund represents the aggregate charges (capital outlay and debt service) to the operating budget for the costs of acquisitions of property and equipment and proceeds from grants-in-aid. The utilities do not record depreciation of property and equipment. GAAP does not require the establishment of a reserve for amortization of fixed capital, whereas it does require the recognition of depreciation of property and equipment by enterprise funds.

<u>Reserve for Sale of Municipal Assets</u> - the proceeds of the sale of municipal assets can be held until made available through a future budget appropriation. GAAP requires such proceeds to be recorded as revenue in the year of sale.

<u>General Fixed Assets</u> - property and equipment purchased by the Current and the General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized.

Accounting for Governmental Fixed Assets, as promulgated by Technical Accounting Directive No. 2 as issued by the Division of Local Government Services, differs in certain respects from accounting principles generally accepted in the United States of America. The following is a brief description of the Directive.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value.

No depreciation on general fixed assets is recorded in the financial statements.

Fixed assets acquired through grants-in-aid or contributed capital are not accounted for separately.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Comparative Data</u> - comparative total data for the various funds for the prior year has been presented in the accompanying Balance Sheets and Statements of Operations and Changes in Fund Balance in order to provide an understanding of changes in the Borough's financial position. However, Comparative Statements of Revenue and Statements of Expenditures have not been presented since this inclusion would make the statements unduly complex and difficult to read.

D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in general purpose financial statements in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP.

In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgets and Budgetary Accounting

The Borough of Highlands must adopt an annual budget in accordance with N.J.S.A. 40A:4-4 et al. N.J.S.A. 40A:4-5 which requires the governing body to introduce and approve the annual municipal budget no later than August 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulated in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements.

F. Cash, Cash Equivalents and Investments

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Cash, Cash Equivalents and Investments (continued)

The Borough of Highlands is required to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-42 requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

Public funds are defined as the funds of any government unit. Public depositories include banks (both state and national banks), savings and loan institutions and savings banks, the deposits of which are federally insured. All public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

The Borough considers highly liquid investments with an original maturity of three months or less at the time of purchase to be cash equivalents.

NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS

Deposits

All bank deposits as of the balance sheet date are either insured or covered by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act (see Note 1 - Cash, Cash Equivalents and Investments).

At June 30, 2012, the Borough's deposits had a carrying amount of \$4,402,986.52 and a bank balance of \$4,543,956.19. Of the bank balance \$326,633.11 was covered by federal depository insurance, and the remainder was covered by the Governmental Unit Deposit Protection Act.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of bank failure, the government's deposits may not be returned to it. The Borough does not have a formal policy for custodial credit risk. As of June 30, 2012, the Borough's bank balance was not exposed to custodial credit risk.

NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments

As of June 30, 2012, the Borough had the following investments:

Book Value

Fair Value

LOSAP

\$179,553.73

\$179,553.73

The fair value of investments was based on quoted market prices.

During the year, the Borough had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the Borough.

Interest Rate Risk - Investments

LOSAP investment options are at the discretion of each individual participant and not the Borough.

Credit Risk - Investments

All investments are in financial institutions in accordance with New Jersey state statutes. The Borough does not have an investment policy that would further limit its investment choices and it places no limit on the amount that can be invested with any one issuer.

NOTE 3 BONDS AND NOTES AUTHORIZED BUT NOT ISSUED

At June 30, 2012, the Borough of Highlands had authorized but not issued bonds and notes as follows:

General Capital Fund:

Bonds and Notes

\$ 1,062,988.40

Water-Sewer Utility Capital Fund:

Bonds and Notes

NOTE 4 LONG-TERM DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The terms of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

As of June 30, 2012 the Borough's long-term debt is summarized as follows:

General Obligation Bonds

\$498,000.00 2003 Bonds due in annual installments ranging from \$55,000.00 to \$57,000.00 through December, 2013, interest rates ranging from 3.55% to 4.00%.

Borrowing Power

New Jersey statutes limit the debt of a municipality to 3.50% of the average of the last three preceding years equalized valuations of the taxable real estate and improvements. The Borough's statutory net debt at June 30, 2012 was 0.81%. The Borough's remaining borrowing power is 2.69%.

The summary of municipal debt for the last three years and the calculation of statutory net debt is presented in the Supplementary Data section of this report.

NOTE 5 SHORT-TERM DEBT

Bond Anticipation Notes

The Borough issues bond anticipation notes to temporarily fund various capital projects prior to the issuing of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note.

On June 30, 2012, the Borough's outstanding bond anticipation notes were as follows:

Special Emergency Notes (40A:4-55)

The Borough issues special emergency notes to fund special emergency appropriations prior to the funds being raised in the budget. The term of the notes cannot exceed one year but the notes may be renewed from time to time, but at least 1/5 of all such notes, and the renewals thereof, shall mature and be paid in each year, so that all notes and renewals shall have matured and have been paid not later than the last day of the fifth year following the date of the emergency resolution.

On June 30, 2012, the Borough's outstanding special emergency notes were as follows:

NOTE 7 DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED

Upon the authorization of capital projects, the Borough establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 8 DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

As noted in Note 1, certain expenditures are required to be deferred to budgets of succeeding years. At June 30, 2012, the following deferred charges are shown on the balance sheets of the various funds:

		Transition Year	Balance to
	Balance	2012 Budget	Succeeding

The Borough has adopted resolution 12-116 on May 16, 2012 to apply to the Local Finance Board to revert to operating on a calendar year. The Borough received approval and will commence operations starting in calendar year 2013. Accordingly, a transition year 2012 six month budget was adopted. A budget appropriation for deferred charges was not required. Budget appropriation for deferred charges will commence with the calender year 2013 budget.

NOTE 11 ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Borough Tax Assessor as of October 1st in each year and filed with the County Board of Taxation ("Board") by January 10th of the following year. Upon the filing of certified adopted budgets by the Borough, Local School District, Regional School District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 20th with a completed duplicate of the tax rolls to be delivered to the Borough Tax Collector ("Collector") on or before June 3rd. In accordance with N.J.S.A. 54:4-66 tax bills are prepared and mailed by the Collector twice a year and are due quarterly on February 1st, May 1st, August 1st and November 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Borough granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. Any taxes not paid as of June 30 are subject to tax sale and lien in the subsequent year, with the exception of bankruptcies. The date of tax sale is at the discretion of the tax collector.

NOTE 12 LOCAL DISTRICT SCHOOL AND REGIONAL HIGH SCHOOL TAXES

Local District School and Regional High School Taxes have been raised and liabilities deferred. Section 13 of P.L. 1991, C. 63 provides that any municipality that levies school taxes on a school year basis may defer from the municipal purposes tax levy 50% (fifty percent) of the levy. The amounts so deferred shall be regarded as fund balance and shall be used to offset the local property tax levy for local purposes. At year end taxes due consisted of the following:

		et School Tax June 30,	Regional High School Tax Balance June 30,				
	2012	2011	2012	2011			
Balance of Tax Deferred	\$ 1,517,641.00 1,517,641.00	\$ 1,523,257.00 1,523,257.00	\$ 2,059,959.42 2,059,959.42	\$ 2,129,256.19 2,129,256.17

NOTE 14 PENSION PLANS

Plan Description

Substantially, all Borough employees participate in the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"). The Division of Pensions within the Treasury Department of the State of New Jersey is the administrator of the funds and charges municipalities annually for their respective contributions. The plans provide retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The plans are cost-sharing multiple-employer defined benefit plans and, as such, do not maintain separate records for each municipality in the state and, therefore, the actuarial data for the Borough is not available. The Division of Pensions issues publicly available financial reports for each of the plans that include financial statements and required supplementary information. The reports may be obtained by writing the State of New Jersey, Division of Pensions.

Funding Policy

Employee contributions are currently six and one-half percent (6 $\frac{1}{2}$ %) and ten percent (10%) of their base wages for PERS and PFRS, respectively. Employer's contributions are actuarially determined annually by the Division of Pensions. Borough contributions to the plan for the past three (3) years are as follows:

<u>Year</u>	-	PERS	_	PFRS
2010 2011 2012	\$	135,631.00 162,678.00 157,121.00	\$	264,249.00 335,817.00 317,828.00
		,		•

All contributions were equal to the required contributions.

NOTE 15 POST EMPLOYMENT RETIREMENT BENEFITS

Effective for fiscal year 2010, the Borough implemented GASB Statement 45 "Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions (OPEB)" prospectively. Prior to February 2011, the Borough administered a single-employer defined benefit healthcare plan. The plan provided postemployment healthcare benefits though the Borough's group health insurance plan. Effective February 2011, the Borough joined the New Jersey State Health Benefits Program.

NOTE 15 POST EMPLOYMENT RETIREMENT BENEFITS (continued)

Plan Description

In addition to the pension benefits described in Note 14, the Borough contributes to the New Jersey State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2011, the Borough authorized participation in the SHPB's post-employment benefit program through resolution number 10-212. To receive lifetime health benefits paid for by the Borough, an employee must meet the following criteria (unless otherwise expressly provided by Collective Bargaining Agreements, personal service contract, or by law):

- 1. The employee has twenty-five (25) years or more of service credit in a state or locally administered retirement system and a period of service of at least twenty-five (25) years with the Borough of Highlands at the time of retirement; or
- 2. The employee is sixty-five (65) years or older with twenty-five (25) years or more of service credit in a state or locally administered retirement system and a period of service of at least fifteen (15) years with the Borough at the time of retirement; or
- 3. The employee is sixty-five (65) years or older with at least twenty (20) years of service with the Borough; and
- 4. The employee was eligible for employee medical coverage during the last five years of their employment with the Borough; and
- 5. The employee retires from an employment position with the Borough of Highlands under a Service Retirement as defined by the Public Employee's Retirement System ("PERS"), the Police and Firemen's Retirement System ("PFRS") or under the express terms of any Collective Bargaining Agreement or personal services agreement.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website.

NOTE 15 POST EMPLOYMENT RETIREMENT BENEFITS (continued)

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post employment health benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis. The Borough currently contributes on a pay-as-you-go basis based upon monthly invoices from the State of New Jersey Division of Pensions. Employees are not required to contribute. Contributions to the plan and the number of former employees eligible for and participating in the post employment health care benefits program with the SHBP for the period February 2011 to June 30, 2011 and for the fiscal year ended June 30, 2012 was as follows:

Year	Contribution	Number of Employees
2011	\$ 128,527.65	16
2012	375,541.16	21

All contributions were equal to the required contributions.

Prior to February 2011, the Borough administered a single employer defined benefit healthcare plan. Contributions to the prior plan for the period July 2010 to February 2011 was \$251,975.79 for 18 retired employees.

NOTE 16 DEFERRED COMPENSATION PLAN

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not ordinarily available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the Plan, all property and rights purchased with the amounts, and all income attributable to these amounts are for the exclusive benefit of the Plan participants and their beneficiaries and the assets cannot be diverted to any other purpose. The Borough serves as Trustee under the Plan.

NOTE 17 LENGTH OF SERVICE AWARD PROGRAM ("LOSAP") - UNAUDITED

The Borough has established a Volunteer Length of Service Award Plan ("LOSAP") ("Plan") to ensure retention of the Borough's volunteer Fire Companies and First Aid Squad. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "length of service award plan under Section 457(e)11 of the Internal Revenue Code".

<u>Annual Contributions</u> - The minimum and maximum annual contributions to be made by the Borough for each active volunteer member shall be in accordance with N.J.S.A. 40A:14-183 (from \$100.00 to \$1,150.00 per year of active emergency service), commencing with the fiscal year 2005-2006. There shall be no contributions made for prior years service.

<u>Appropriations</u> - Appropriations for the purpose of funding the Borough's LOSAP plan shall be included as a separate line item in the Borough's budget, commencing with the year 2005-2006.

<u>Periodic Increases</u> - Notwithstanding the provisions above, the annual contribution to be made by the Borough for each active volunteer member shall be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

<u>Criteria for Eligibility; Contributions; Points</u> - Any active volunteer member shall be eligible to participate in the LOSAP Plan immediately upon commencement of the member's performance of active voluntary services in the emergency service organization. Annual contributions shall only be made by the Borough, however, for those active volunteer members who have earned the minimum number of points for performing certain volunteer services on a yearly basis.

<u>Determination as to Eligibility</u> - Each emergency service organization shall provide to the Plan Administrator of LOSAP Plan, a certified list as to the active volunteer members who are initially eligible to participate in the Plan and those who are eligible to participate as of each January 1 thereafter. The Plan Administrator shall forward said certified list to the Borough Council for approval, in accordance with the provisions of N.J.A.C. 5:30-14.10. The decision of the Borough Council as to such active member's eligibility shall be binding upon the Plan Administrator, participant, beneficiaries and any and all other persons having an interest hereunder, subject to appropriate judicial review.

<u>Terms of Participation</u> - The Plan Administrator shall have the right to require any active volunteer member at the time of his or her becoming a participant to agree, in writing, to be bound by the terms, covenants and conditions of the LOSAP and accompanying trust. Each participant shall furnish to the Plan Administrator all pertinent information required for the administration of the LOSAP. The Plan Administrator shall rely upon all such information furnished.

NOTE 17 LENGTH OF SERVICE AWARD PROGRAM ("LOSAP") - UNAUDITED (continued)

<u>Vesting</u> - The active volunteer member shall not be permitted to receive a distribution of the fund in his or her LOSAP account until the completion of a five-year vesting period.

<u>Termination of Service</u> - Any participant who terminates service as an active volunteer member shall cease to participate hereunder. A former participant may resume participation immediately upon returning to the service of the emergency service organization as an active volunteer member. Any active volunteer member who terminates service with the emergency service organization, subsequently returns to service and again becomes a participant shall be treated as a new participant for purposes of eligibility unless said participant was fully vested prior to his or her termination from service.

<u>Reporting Requirements</u> - N.J.A.C. 5:30-14.49 requires that the Borough perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accountants Statements for Accounting and Auditing Review Services.

NOTE 18 INTERFUND BALANCES

The Borough had no interfund balances as of June 30, 2012.

NOTE 19 INTERFUND TRANSFERS

<u>Transfers In:</u>	<u>Transfers Out:</u>	<u>Total</u>
Current Fund	Animal Control Fund	\$ 1,190.00
Water/Sewer Operating Fund	General Capital Fund	5,086.95

The transfers were made to move funds as follows:

- a) The Animal Control Trust Fund transfer is the amount of statutory excess which is required to be turned over to the Current Fund. Revenues/receipts are collected in the current year and then turned over to the Current Fund in the subsequent year.
- b) The transfer between the General Capital Fund and the Water/Sewer Operating Fund is the result of a reclassification of expenditures for which the funds were not transferred by year end.

NOTE 20 RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; error and omission, injuries to employees; and natural disaster. The Borough is a member of the Monmouth County Municipal Joint Insurance Fund. The public entity risk pool is both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workmen's compensation. The Joint Insurance Fund will be self-sustaining through member premiums. The Joint Insurance Fund contracts for excess liability insurance for property, general liability, auto liability, public official liability, law enforcement liability, and workmen's compensation. There were no settlements in excess of insurance coverage in 2012, 2011, and 2010.

NOTE 21 CONTINGENT LIABILITIES

A. Accrued Sick and Vacation - Unaudited

The Borough has a potential contingent liability for accrued unused sick and vacation days under the adopted policies and procedures of the Borough. The Borough has a potential liability of approximately \$1,028,000 at June 30, 2012. In accordance with New Jersey principles, these amounts are not reported as an expenditure or liability in the accompanying statements. The reserve for accumulated leave at June 30, 2012 and 2011 was \$28,531.04 and \$33,930.83 respectively.

B. <u>Unemployment Compensation Insurance</u>

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et. seq). The Borough has elected to provide a self-insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. The Reserve for Unemployment Compensation Insurance at June 30, 2012 and 2011 totaled \$179,518.17 and \$89,315.22, respectively.

C. Litigation

The Borough is involved in legal and administrative proceedings and claims of various types. While any litigation contains an element of uncertainty, Borough Officials, based upon the opinion of the Borough's Counsel, presently believe that the outcome of each such proceeding or claim which is pending or known to be threatened, or all of them combined, will not have a material adverse effect on the Borough's financial position or adversely affect the Borough's ability to levy, collect, and enforce the collection o taxes or other revenue for the payment of its bonds or other obligations.

NOTE 21 CONTINGENT LIABILITIES (continued)

D. Federal and State Grants

The Borough receives financial assistance from the U.S. government and the State of New Jersey in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, cost previously reimbursed could be disallowed and require payments to the grantor agency. As of June 30, 2012, the Borough estimates that no material liabilities will result from such audits.

NOTE 22 SUBSEQUENT EVENTS

During fiscal year 2012 the Borough made application to the Local Finance Board to revert to a calender year. The application was approved. A six month transition year budget was adopted to cover the period July 1, 2012 to December 31, 2012 and commencing January 1, 2013 the Borough will operate on a calendar year.

On September 5, 2012 the Borough adopted a bond ordinance for the acquisition of a fire truck. The ordinance appropriates \$1,215,000.00 to be funded as follows:

Federal Emergency Management Grant	\$ 665,000.00
Capital Improvement Fund	27,500.00
Debt Authorized	522,500.00
	\$ 1,215,000.00

On October 17, 2012 the Borough adopted an ordinance for the construction of a stormwater pump station and other stormwater system and drainage improvements. The ordinance appropriates \$1,200,000.00 to be fully funded by debt. The Borough has applied to the Local Finance Board and has received approval to participate in the New Jersey Environmental Infrastructure Trust Loan Program. Low interest and zero interest loans have been approved for a combined total of \$1,623,700.00.

On November 21, 2012 the Borough adopted a resolution authorizing an emergency appropriation pursuant to N.J.S.A. 40A:4-46 and N.J.S.A 40A:4-49 in the amount of \$150,000.00 due to damage caused by Hurricane Sandy. At the same time, a resolution was adopted authorizing the sale of emergency notes.

On November 21, 2012 the Borough adopted a special emergency appropriation pursuant to N.J.S.A. 40A:4-54 due to damage caused by Hurricane Sandy in the amount of \$2,200,000.00. At the same time, a resolution was adopted authorizing the sale of special emergency notes.

NOTE 22 SUBSEQUENT EVENTS (continued)

On December 5, 2012 the Borough adopted a capital ordinance for the reconstruction and repaving of Bayside Drive in the amount of \$137,000.00 to be funded by a settlement with a corporation.

During late October 2012, the Borough lost approximately \$20,185,000 or 3.13% of the Borough ratable base due to destruction caused by Hurricane Sandy.

All events occurring through the date of the report have been considered by management for disclosure herein.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH
STATE TREASURY CIRCULAR LETTER 04-04 OMB

To the Honorable Mayor and Members of the Borough Council Borough of Highlands County of Monmouth Highlands, New Jersey

Compliance

We have audited the Borough of Highlands (the "Borough") compliance with the types of compliance requirements described in the New Jersey State Office of Management and Budget's <u>State Grant Compliance Supplement</u> that could have a direct and material effect on each of the Borough's major state programs for the year ended June 30, 2012. The Borough's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Borough's management. Our responsibility is to express an opinion on the Borough's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States; the provisions of the State Treasury Circular Letter 04-04 OMB, <u>Single Audit Policy for Recipients of Federal Grants</u>, <u>State Grants</u>, and <u>State Aid</u>; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards and Circular Letter 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Borough's compliance with those requirements.

In our opinion, the Borough complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of the Borough is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Borough's internal control over compliance with requirements that could have a direct and material effect on a major state program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with State Circular Letter 04-04 but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the governing body, management, others within the Borough, the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the appropriate state and federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

BOROUGH OF HIGHLANDS NOTES TO THE SCHEDULES OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION

A. Organization

The Borough of Highlands is the prime sponsor and recipient of various federal and state grant funds. The Borough has delegated the administration of grant programs and the reporting function to various departments within the Borough. Substantially all grant and program cash funds are commingled with the Borough's other funds, although each grant is accounted for separately within the Borough's financial records. The Borough's Department of Finance performs the accounting functions for all grants.

B. Basis of Presentation

The accompanying schedules of expenditures of state financial assistance includes the federal and state grant activity of the Borough of Highlands and is presented on the cash basis of accounting. Differences between budget and actual cash disbursements, as well as differences between budget revenues and actual cash receipts, for grants accounted for in the Federal and State Grant Fund are transferred to the Current Fund balance when the grant is closed out. The information in this schedule is presented in accordance with the requirements of State Treasury Circular Letter 04-04-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.

NOTE 2 CONTINGENCIES

Each of the grantor agencies reserves the right to conduct additional audits of the Borough's grant programs for economy, efficiency and program results. However, Borough management does not believe such audits would result in material amounts of disallowed costs.

PART III

COMMENTS AND RECOMMENDATIONS

FOR THE YEAR ENDED JUNE 30, 2012

GENERAL COMMENTS

Contracts and Agreements Required To Be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law".

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Electrical Repair and Maintenance
Plumbing Repair and Maintenance
Highland Avenue Area Road Improvements
Bay Avenue Road Improvements Project
Automatic Transfer Switches for
Emergency Generators

Bay Avenue Road Improvements
Project
Gasoline and Diesel Fuel
2011 Road Improvement Program

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our examination of expenditures did not reveal any individual payments in excess of the bid threshold "for the provision or performance of any goods or services" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered."

GENERAL COMMENTS (continued)

Collection of Interest on Delinquent Tax, Assessments and Sewer Charges

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes and assessments on or before the date when they would become delinquent.

The Governing Body adopted the following resolution authorizing interest to be charged on delinquent taxes, water-sewer rents, and assessments:

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Highlands, Monmouth County, New Jersey as follows:

- a) The Tax Collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes becoming delinquent after due date; and 18% per annum on any amount in excess of \$1,500.00 becoming delinquent after due date; and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond June 30th, an additional penalty of 6% shall be charged against the delinquency.
- 2. There will be a ten (10) day grace period of quarterly tax payments made by cash, check or money order.
- 3. Any payments not made in accordance with paragraph 2 of this resolution shall be charged interest from the due date as set forth in paragraph 1 of this resolution; and

It appears, from an examination of the Tax Collector records, that interest was generally collected in accordance with the foregoing resolution and statutes.

Delinquent Taxes, Tax Title Liens and Delinquent Sewer Rents

The detail of all unpaid taxes for 2012 and prior years tax title liens and sewer rents is being properly carried in the Tax Collector's records. An abstract taken from these records as of June 30, 2012, covering all unpaid charges on that date, was verified with the accounting control figures shown in this report.

The last tax sale was held on June 5, 2012 and it was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on June 30th of the last three (3) years.

Year	Number of Liens
2012	5
2011	5
2010	5

GENERAL COMMENTS (continued)

Delinquent Taxes, Tax Title Liens and Delinquent Sewer Rents (continued)

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis. Certain liens have been in existence for greater than two years.

Verification of Delinquent Taxes and Other Charges

Verification of delinquent charges and current payments was done for the period under audit in accordance with the regulations of the Division of Local Government Services, as of June 30, 2012 and consisted of verification notices as follows:

Type	Number Mailed	Number Returned
Dates of Payments of Taxes	25	6
Delinquent Taxes	21	6
Dates of Payment of Sewer		
Utility Charges	25	11
Delinquent Sewer Utility Charges	39	12

Through examination of those notices that were returned, and by alternative procedures for notices unreturned, no irregularities were noted.

OTHER COMMENTS

Cash Balances

The cash balances in all funds were verified by independent certifications obtained from the depositories as of June 30, 2012.

Cash counts were made at various dates in all departments of the Borough and bank balances were independently reconciled to the book records or to such schedules of receipts and disbursements provided for audit.

The change funds and petty cash funds were counted.

Revenues

Receipts from licenses, fees, fines and costs, etc., for all departments, including the Municipal Court, were checked to the records maintained to the extent deemed necessary.

OTHER COMMENTS (continued)

Expenditures

The vouchers for all funds were examined to the extent deemed necessary to determine that they carry the properly executed certifications as required by statute.

Payroll

An examination was made of the employees' compensation records for the year 2012 to determine that salaries were paid in conformity with the amounts of salaries and wages authorized by ordinance. Vouchers for overtime and part-time wages were checked.

Sewer Utility

Comment: The Borough code does not address billing dates or due dates for sewer billings to residential customers. The Borough code does address billing dates for non-residential customers but the code is not being adhered to.

Recommendation: That the Borough amend the Borough code to establish billing dates and due dates for residential customers and adhere to or change the billing dates for non-residential customers.

Miscellaneous Comments

The confirmations, sent to the Local School Board of Education and Regional High School, verified the correct school taxes payable at June 30, 2012.

Appreciation

I desire to express my appreciation for the cooperation received from the Borough Officials and Employees and the courtesies extended during the course of the audit.

RECOMMENDATIONS

It is recommended:

12-1. That the Borough amend the Borough code to establish billing dates and due dates for residential customers and adhere to or change the billing dates for non-residential customers.

The above recommendation in similar to one reported in the 2011 audit.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to call me.

Very truly yours,
