EMERGENCY PROCUREMENT REPORT

Public Exigencies Pursuant To N.J.S.A. 19:44A-20.12

Procedure

An Emergency Procurement Report is required when municipalities, counties, and their instrumentalities and agencies¹ (public agency) experience an emergency that warrants the immediate delivery of goods or services and in doing so, are unable to comply with the “Pay-to-Play” provisions of N.J.S.A. 19:44A-20.4 et seq. N.J.S.A. 19:44A-20.12 provides in pertinent part that:

“Nothing contained in this act shall be construed as prohibiting the awarding of a contract when the public exigency requires the immediate delivery of goods or performance of emergency services as determined by the State Treasurer.”

The State Treasurer² has determined that approval under this provision is automatically granted when:

1. A public agency finds the public’s health, safety or welfare requires the immediate delivery of goods or the performance of services.
2. The award of any such contracts is made pursuant to the provisions of N.J.S.A. 40A:11-6 and N.J.A.C. 5:34-6.1 et seq., or for county colleges, N.J.S.A. 18A:64A-25.6.
3. Contracts are issued in response to a formal declaration of an emergency by the Governor.

Emergency Report Required

The Treasurer also requires that when a contracting agency uses these provisions, the agency’s purchasing agent or other appropriate personnel shall file with Director of the Division of Local Government Services an “Emergency Procurement Report,” within 30 days of the date the contract was issued. Contracts relating to a formal declaration of an emergency by the Governor are exempt from the reporting provision.

Certain information is necessary to address situations in which an exigency/emergency affecting the public’s health, safety or welfare requires the immediate delivery of goods or the performance of services.

¹ This language has been interpreted by the State to include among others, local authorities, fire districts, and county colleges.
