Mr. Serpico stated that the Marty Truscott letter states that the ordinances are not consistent with the Master Plan.

Mayor Nolan arrived to the meeting.

Mr. Gallagher stated that this means that the Council must serve public notice.

Mr. Serpico – Council would also need a majority of full council vote and must state why they disagreed with the Planning Boards Report.

Ms. Peterson – what happened to Open Space that was part of our recommendations.

Mr. Mullen – what about the setback for the ridge.

**Borough of Highlands
Planning Board
Regular Meeting
March 8, 2012**

The Board had discussions on the ordinance.

Mr. Mullen – there is no planning, no thought. This is allowing incredibly intense development in a small buildable area.

Mayor Nolan spoke of the Planning Board Subcommittee meetings.

Mr. Mullen stated that he is discouraged with this, it's just a rehash of the high rise scheme. He stated that it's now become the most density usage at twenty.

Discussions continued about open space and public access.

Mr. Serpico – the board can review and send prior recommendations back to council.

Mr. Mullen stated that we need to address maximum building size and setbacks and need more regulations. He then questioned why we were changing it to a conditional use, it should be a permitted use.

Mr. Gallagher agrees that it should be a permitted use.

Discussions continued.

Mr. Parla then read from the subcommittee meeting notes.

Mrs. Cummins provided the previous Planning Board Resolution and Report on this.

Mr. Serpico – we need to state that this is not in compliance with Master Plan.

Mr. Mullen – the conditional uses should be permitted uses.

Discussions continued.

Mr. Parla then read from the Planning Boards prior recommendations.

Mr. Mullen – it does not sound like the Council incorporated those thoughts into this ordinance. He then read from the Master Plan LU-13.

Discussions continued.

Mr. Hill questioned section two, number of units.

Ms. Peterson suggested that the board send the original report back to the Council.

Public Portion

Lori Dibble of 32 Paradise Park questioned the procedure since this is not a master plan revision.

Mr. Serpico responded.

Joseph Necosia of Eastpointe Condos questioned the regulations on parking garages.

Mr. Gallagher – the ordinance as presented would be six stories from grade. Parking would be underground. We should amend our report to midrise, six stories above grade including parking.

Joseph Necosia questioned height.

Mr. Gallagher explained.

Pauline Jennings of 27 Ralph Street questioned public hearing date and public notice.

Mrs. Cummins – then spoke about taxi uses are currently not permitted and that the Board may want to consider allowing that use.

Mr. Gallagher spoke about possibly allowing tattoo parlors as permitted uses.

The Board further discussed taxi cab uses.

Mr. Mullen it should be a conditional use which he further explained.

Discussions continued about permitting taxi cab use. The board decided to recommend a taxi cab use as a conditional use and that the Planner should establish appropriate standards.

Section three of the ordinance was then discussed by the board which was regarding the expansion of the MXD Zone and the expansion of the permitted uses as recommended by the HBP.

Board wants wording to state that the two acres of land must be contiguous. Also change section three wording on the second to last sentence from “shall” to “may”.

Section four, basically the ordinance is combining the uses of the business districts.

The Board recommended that that number three of this section be deleted.

The board continued discussions of each item in Ordinance O-12-10 and various recommendations.

Lori Dibble of 32 Paradise Park questioned section seven. She stated that in the last seven years no application for homes but homeowners association is now the contract purchaser of the Paradise Mobile Park and they will want to replace old units with new units.

Councilman Francy spoke about allowing mobile homes as a permitted use in the MXD zone would help the homeowners association with the financing.

Mr. Serpico stated that this must be deferred to the Planner to put limitations on mobile homes.

Lori Dibble stated that the current owner of the mobile park sent a letter that they do not oppose permitted mobile homes.
