TNR ANNUAL REPORT FOR FY 2020

The Borough of Highlands, working with the MCSPCA and 33 Cat Colony Managers, successfully trapped 4 cats during the period of January 2020 through December 2020. As of December 31, 2020, there were 168 registered cats in Managed Colonies. This is up from 165 cats in FY 2019.

Our Memorandum of Understanding with the MCSPCA was updated on April 5, 2019 to include up to 100 cats per year paid for by a private donation directly to MCSPCA. Therefore, the first 100 cats are at no cost to the taxpayers.

The Highlands TNR Program is usually explained during the spring TNR public meeting at the Community Center located at 42 Snug Harbor. This year due to COVID19, this flyer will outline where we are with the program. Over the years, several Colony Managers and others have reached out to MCSPCA to alert them of areas where cats congregate. Contact details for MCPCA are listed below.

The breakdown of the trapped cats status is listed below:
