**Re: Resident Meeting Notification
CDBG Marine Place Walkway West
Borough of Highlands, Monmouth County, New Jersey
Our File No. HHI00514.01**

Dear Resident:

In an ongoing effort to continue to develop and enhance amenities in the Borough of Highlands, a public information session will be held in the Community Center of the Borough of Highlands located at 22 Snug Harbor Avenue, on Tuesday, July 26, 2022 from 6:00 PM to 8:00 PM to give residents the opportunity to review the proposed improvements along the bulkhead on Marine Place. Residents are encouraged to attend the public information session any time during this window that is convenient for them.

This project is funded with a Community Development Block Grant from Monmouth County, and includes the installation of a raised boardwalk along the length of Marine Place from Snug Harbor Avenue to dead at Captains Cove. Additional improvements will include the installation of new benches, viewing machines, fish bait cleaning station, bike rack and installation of 23 new angled parking spaces in front of the boardwalk. In order to install the parking spots and comply with current design standards, Marine Place West and Snug Harbor Avenue, North of Recreation Place, will be converted to one-way streets. No changes will be made to Waterwitch Avenue, Huddy Avenue and Recreation Place. Please see the attached configuration of new traffic patterns.

Our Office will be available to answer questions and provide feedback about Marine Place Walkway West project. All comments are appreciated and will be helpful as we finalize the design. We urge all interested residents to attend this meeting.

I hope to see you at the meeting and look forward to working with you to complete this project in your neighborhood.

Very truly yours,

CME Associates

Bennett A. Matlack, PE, CME, CFM
