Notice of a Filing and Notice of Public Hearings

**In the Matter of Jersey Central Power & Light Company's Verified Petition to Set a Rate
for Rider Lost Revenue Adjustment Mechanism for Losses Incurred During the Initial
One-Year Period of Program Year 3 of Energy Efficiency & Conservation Plan I ("PY3
Initial Period Rider LRAM Filing")**

BPU Docket No. ER25020027

PLEASE TAKE NOTICE that, on January 31, 2025, Jersey Central Power & Light Company ("JCP&L") filed a verified petition with the New Jersey Board of Public Utilities ("Board") seeking to set and implement rates for Rider LRAM to allow JCP&L to recover the revenue impact of sales losses incurred as a result of Board-approved energy efficiency and peak demand reduction programs ("Programs") during the third one (1)-year period of the Programs ("Petition"). The LRAM is a Board-approved rate mechanism that allows JCP&L to recover the revenue impact of sales losses that it demonstrates resulted from the Programs. Recoveries under the LRAM are subject to independent verification of the energy savings resulting from the Program and are limited based on JCP&L's earnings. By the Petition, JCP&L proposes to recover the amount of revenues from lost sales associated with the implementation of the Programs during the review period from July 1, 2023, through June 30, 2024, plus additional lost revenues associated with projects installed by partner gas utilities during the period from July 1, 2021 through June 30, 2023, from which the energy savings are transferred to JCP&L, resulting in an overall revenue requirement of \$16,398,315, including carrying costs.

The proposed Rider LRAM Rate for all rate classes is described in the following table:

<u>Service Classification</u>	<u>Billing (Rate with SUT)</u>	
Residential Service (RS)	\$ 0.000971	per kWh
Residential Time of Use/Geothermal Heat Pump (RT/RGT)	\$0.000934	per kWh
General Service – Secondary (GS)	\$ 0.001001	per kWh
General Service – Secondary Time of use (GST)	\$ 0.29	per kW
General Service – Primary (GP)	\$ 0.21	per kW
General Service – Transmission (GT)	\$ 0.12	per kW
Lighting (OL, SVL, MVL, SVL and LED)	\$ 0.003781	per kWh

If approved, JCP&L's requests in the Petition will result in an increase to the monthly bill of a typical residential customer using 777 kilowatt-hours per month of \$0.38, or 0.3%, from \$136.37 per month to \$136.75 per month based on proposed Rider LRAM and other rates effective as of January 1, 2025, including Sales and Use Tax.

The following illustrative chart shows the estimated monthly bill impacts, in both dollars and percentages, to class average customers based upon a comparison of present and proposed rates

and the approximate net effect of the proposed increases in charges on customers in various rate classes. The actual effect on specific customers will vary according to the applicable rate schedule and level of the customer's usage.
