

REQUEST FOR PROPOSALS
FOR
BOROUGH OF HIGHLANDS
151 NAVESINK AVENUE
HIGHLANDS, NEW JERSEY 07732

**REAL PROPERTY DATA COLLECTION AND VERIFICATION
SERVICES IN ACCORDANCE WITH THE ASSESSMENT**

January 1, 2026 through December 31, 2029

NOTICE IS HEREBY GIVEN that sealed Proposals will be received by the Borough Administrator of the Borough of Highlands, State of New Jersey, on October 21, 2025 at 10:00 a.m. in the Borough Administrator's Office of the Municipality, located at 151 Navesink Ave., Highlands, NJ 07732.

The annual performance of real property data collection and verification services **to cover 25% of all properties annually with all parcels located within the Municipality completed over the four (4) year period between January 1, 2026 and December 31, 2029** (also referenced as the "Project") awarded as a three (3) year contract **with the option of a one (1) additional one (1) year award.**

All requirements associated with the project are set forth in a Request for Proposals package. Such packages may be obtained from the Borough Administrator's Office, 151 Navesink Avenue, Highlands, NJ 07732, telephone number (732) 872-1224, extension# 203 during regular business hours, 9:00 A.M. to 4:00 P.M., Monday through Friday, excluding holidays, or on the Municipality's website at www.highlandsnj.gov. Any questions regarding the Request for Proposals should be directed to the Borough Administrator Michael Muscillo at the telephone number and/or address specified above.

The Project shall be awarded through a "fair and open" process pursuant to N.J.S.A.19:44A-20.4, *et seq.*, to the Vendor whose Proposal is most advantageous to the Municipality, price and other factors considered, in accordance with the review criteria set forth in the Request for Proposals.

All Vendors who submit a Proposal must be able to demonstrate that they are capable of completing the project so that it may be implemented for the 2025 tax year, under the applicable time tables set forth in the Assessment Demonstration Program (P.L. 2013 Ch. 15) or such other applicable laws.

The Municipality reserves the right to reject any or all submissions due to any defects or waive informalities and accept any submissions that in its judgment will be in the best interest of the Municipality. The Municipality shall award the Contract or reject all submissions no later than sixty (60) days from receipt of same.

By authorization of the Borough of Highlands.

ATTENTION ALL VENDORS:

All Vendors must complete, execute and submit the “Documents Checklist” set forth below and include completed and executed versions of all of the enumerated forms/items set forth below in order for their Proposal to be considered complete. All forms/items must be typewritten or written in ink. **ALL SUBMISSIONS MUST INCLUDE ONE (1) ORIGINAL COPY AND ONE (1) COPY.**

AFFIRMATIVE ACTION REQUIREMENTS

N.J.S.A. 10:5-31 and N.J.A.C. 17:27 **PROCUREMENT AND SERVICE CONTRACTS**

“Vendors are required to comply with the requirements of P.L. 1975, c. 127” (N.J.A.C. 17:27)

A. ALL VENDORS

1. Within seven (7) days after receipt of notification of intent to award the Contractor receipt of the Contract, whichever is sooner, the successful Vendor must submit one of the following forms of evidence:
 - a) A Federal Letter of Affirmative Action Plan Approval from the U.S. Department of Labor’s Office of Federal Contract Compliance Programs (OFCCP). This letter cannot be more than one year old from the date of issuance.

OR

- b) A State of New Jersey Certificate of Employee Information Report.

OR

- c) A completed Affirmative Action Employee Information Report (Form AA302).

Please note that the Affirmative Action Affidavit for Vendors having less than fifty (50) employees is no longer acceptable.

2. The successful Vendor(s) may obtain the Affirmative Action Employee Information Report (AA302) from the Purchasing Division during normal business hours.
3. The successful Vendor(s) must submit the white and canary copies of the (AA302) Report to the State Affirmative Action Office. The pink copy is submitted to the public agency, and the gold copy is retained by the Vendor.

B. THE FOLLOWING QUESTIONS MUST BE ANSWERED BY ALL PROSPECTIVE VENDORS:

1. Do you have a Federal Letter of Affirmative Action Plan Approval? This letter cannot be more than one year old from the date of issuance.

Yes _____ No _____

- a) If yes, please submit a photo copy of such approval. **If no,**

BOROUGH OF HIGHLANDS
PROPERTY DATA COLLECTION AND VERIFICATION PROGRAM

CONTRACT FOR REAL PROPERTY DATA COLLECTION AND VERIFICATION SERVICES
FROM JANUARY 1st, 2025 through DECEMBER 31st, 2028, with the option of one (1) two-year
extension upon mutual agreement of the Parties (the "Contract")

BOROUGH OF HIGHLANDS
a Municipal Corporation of the State of New Jersey
151 NAVESINK AVENUE
HIGHLANDS, NEW JERSEY 07732

AND

[VENDOR NAME]
[ADDRESS]

(hereinafter the "Company", and together with the Municipality, the "Parties")

1. **Program Definitions:**

The Company agrees to prepare and execute a complete program for the collection and verification of all data of real properties situated within the confines of the Municipality (as illustrated on the Property Classification Summary attached hereto as Appendix A) commencing in [2025], or as directed by the Municipality upon the terms contained herein. Said work shall be performed in accordance with the terms and conditions contained herein, including the attached Appendices.

The Company must comply with the attached delivery schedule (Appendix D).

2. **Contract Contingencies:**

The Parties shall not have the authority to vary, alter, amend, or change this Contract once executed, without the written consent of the other party. No changes to the pricing or number of required inspection visits provided herein may be made following the submission of bids by prospective vendors.

The Company shall not have the right to subcontract any portion or function of this Contract, without receiving prior written approval from the Municipality's Tax Assessor (the "Assessor").

The Company shall be responsible for any and all work performed by any subcontractors allowed for in this Contract, if any.

3. **Conflict of Interest:**

No commissioner or employee of the Monmouth County Board of Taxation, no employee of the County of Monmouth, no assessor of a taxing district within Monmouth County and no official or employee of the Municipality shall have an interest whatsoever directly or indirectly, as an officer, stockholder, employee or any other capacity in the Company or its affiliates.

Neither the Company nor any of its or its affiliates' members, employees, officers, or stockholders shall represent any property owner or taxpayer filing a tax appeal in the State of New Jersey during the term of the Contract.

Any violation by the Company of the provisions of this section shall result in the termination of this Contract and the Municipality shall commence a bid process for the remainder of the current project term and any extensions thereof.

4. Company Personnel:

Principals of the Company must include individuals that have at least five (5) years of practical and extensive experience in the collection of data for the purposes of mass appraisal.

Field personnel shall have a minimum of seventy (70) hours of in-service training pertaining to their particular phase of the work and shall be generally aware of other phases of the data collection project prior to starting field work. A sufficient number of field personnel shall be provided so as to meet the project completion schedule and other parts of this Contract. At least one of the field personnel shall be designated for commercial properties.

The Company shall designate a qualified and responsible employee to supervise the operation of the Company's staff for the entire project, as designated in Appendix B. There shall be one (1) supervisor for no more than six (6) field data collectors or part thereof. The supervisor shall have at least five (5) years of experience in property inspection and/or appraisal work. These designated individuals shall make themselves available to the Assessor for consultation throughout the project.

The Company shall either obtain an identification card from the Municipality for each staff member or use its own identification card provided it is approved by the Assessor. This identification tag must be worn at all times on the outside of their clothing. Personnel shall present themselves in a neat and clean manner and shall conduct themselves in a professional and courteous manner. The Company shall instruct all field personnel to avoid unnecessary communication with property owners and residents while conducting inspections, consistent with Section 13.

The Company shall supply the Assessor and Municipality's Police Department with driver's license numbers, vehicle license plate numbers, and make of the vehicle or vehicles that will be used by field personnel on this project.

The Company shall require all personnel performing work on this project to authorize a background investigation of its employees by submitting the release attached hereto as Appendix C, or by providing the Police Department with a completed background check. This investigation shall include a National Criminal Information Center report (NCIC) and a driver's license review, which shall be at the expense of the Company.

Upon written notice to the Company, the Assessor may request removal of any person for this project whose work is unsatisfactory or has conducted him or herself in an unprofessional manner, or upon the advice and counsel of the Police Department.

5. Office Space:

The Company shall provide their own office space within a municipality in Monmouth County. The Company must provide a sufficient number of computer lines at their expense, if needed. The Company shall provide all the furniture, equipment, machines, and other items required in connection with this project at its own expense. This also relates to computer equipment for encoding.

The Company shall provide adequate telephone and online services throughout this project to receive any inquiries by interested persons at the Company's expense. The phone numbers must be

local phone numbers and not “main office” or out of state numbers. The Assessor shall be provided with a list of telephone numbers being used by Company personnel in order to maintain communications between all parties.

6. Submission of Work:

Upon the completion of each annual portion of the project and the verification and auditing of all data collected by the Company, the Company shall enter the data into the computer system. Said computer system must be compatible with the Municipality’s MicroSystems tax assessment software and must contain MOD IV and CAMA file information for entering and use or must be converted at the Company’s expense and submitted into the County system for the Assessor’s review. Any cost relative to this provision is at the exclusive expense of the Company.

The Company shall include real property identification material on properly labeled individual property record cards in a format acceptable to and approved by the Assessor.

The information to be verified and collected on the property record card for each property shall include, but not necessarily be limited to:

- (1) A scaled sketch of the exterior building dimensions for residential properties, and non-residential properties if pursuant to an Added/Omitted inspection, or if the Municipality maintains sketches of non-residential properties in electronic format accessible by the Company.
- (2) Notations of significant building components;
- (3) Land and building characteristics, including number of units; and
- (4) Identification of the person making the inspection and whether an interior inspection was obtained, including the interior inspection type (remote virtual or physical walkthrough).

The Company shall be responsible for the data collection and verification of all construction within the designated properties for each year. If a building is under construction at the time of the field investigation, a notation to that effect shall be placed on the computerized appraisal system so that it can be retrieved in an expeditious manner for further review.

At the discretion of the Assessor, the Company shall provide the Assessor with completed property record cards in electronic format and filed in sequence by block and lot numbers for all taxable and exempt properties. Property record files shall include all supporting data and documentation.

7. Project Completion; Program Progress Reports:

The Parties hereby recognize that completion of the project within a timely manner is essential. The Company has agreed to complete the project in accordance with the requirements of the Assessment Demonstration Program (P.L. 2013 c. 15) and/or such other applicable laws.

The Company shall submit a monthly status report outlining the project’s progress to the Assessor for any month in which inspections have been completed, until completion and acceptance of the project.

8. Payment Schedule:

The Company shall submit a monthly invoice to the Municipality for any month in which inspections have been completed, within 5 days of the last day of each such month and return any payment vouchers provided by the Municipality. Payment shall be made by the Municipality

within 30 days of each invoice.

Payment will be made for work completed, and billings properly filed and approved shall be processed and payment shall be mailed to the Company if found to be in order and approved.

Payments to be made to the Company under this Contract shall be calculated by applying the appropriate dollar value to the work completed and accepted by the Assessor for each payment period. The dollar values to be utilized are outlined in the Appendices attached hereto.

9. Insurance:

The Company shall provide Certificates of Liability and Worker's Compensation insurance providing coverage in accordance with the Municipality's insurance requirements, as set forth in the Project Specifications. Insurance coverage shall indemnify and hold the Municipality harmless from any and all liability arising from the Company's work (which shall not include property owner appeals of assessments assigned by the Municipality). The Company, at their own expense, should defend any suit which may be brought against the Municipality in connection with, or rising out of the services furnished hereunder.

The Company shall provide comprehensive general liability and automobile liability insurance coverage with the Municipality named as co-insured. Limits of liability for each coverage shall be a minimum of \$1,000,000 per person and \$1,000,000 per occurrence for bodily injury and \$250,000 property damage.

Copies of all insurance policies must be provided to the Municipality prior to the commencement of any work under this Contract.

10. Unsatisfactory Work:

If at any time during the Contract period the quality and/or progress of the Company's work shall not be satisfactory, the Municipality reserves the right to terminate the Contract upon thirty (30) days written notice directed to the principal place of business of the Company. This notice shall specify any work deficiencies on which termination is based and provide the Company with thirty (30) days to cure such deficiencies prior to termination being effective.

If either party violates the terms and conditions of this Contract in a manner not covered by the preceding paragraph, the other party shall have the unilateral right to terminate the Contract upon thirty (30) days written notice directed to the other party.

Upon a valid termination by either party, the Municipality shall be responsible only for the reasonable value of the services theretofore rendered, and in no event a sum greater than the ratio of completed work to the whole work contemplated by the Contract.

11. Interpretations of Specifications and Contract:

This Contract shall be construed pursuant to the laws of the State of New Jersey. Any litigation with respect to the interpretation of the terms of this Contract shall be within the sole jurisdiction of the Court of the State of New Jersey.

12. Confidential Nature of Project:

Disclosure of information, including pricing information or any information with respect to the Company's or Municipality's technology and processes, to any individual, company, or corporation, other than the Assessor, the Municipality, the Company and its employees or their authorized representatives is expressly prohibited, and if done before conclusion of this

project will be considered a violation of the Contract and subject the party in violation to liquidated damages. It is understood that this does not refer to information released under due process of law, the Open Public Records Act, or consistent with public bidding processes.

13. Public Relations:

During this project, the Company and its employees will endeavor to promote understanding and amicable relations with taxpayers and the general public. The Parties will endeavor to orient and educate all interested persons as to the inspection project. Any informational materials shall be presented to the Assessor prior to release. An initial mailing shall be made by the Company pursuant to Section 15 to all property owners prior to their scheduled inspections explaining the nature and purpose of the data collection program and notifying owners of the commencement of inspections in the Municipality.

The Municipality will publicize the project in advance of inspections to educate the public and maximize their cooperation and interior inspection/appointment rates, via website, newsletter or other available options.

The employees of the Municipality and the Company shall work together to maintain the full cooperation of all taxpayers by treating each inquiry with courtesy and supplying all necessary information within statutory requirements and limits to every interested taxpayer; however, each field inspector shall be instructed to refrain from discussions with the property owner, tenant, or occupant relating to property valuations, tax amounts or rates, or any related subjects. Any such inquiries will be directed to the Assessor.

14. Materials and Information To Be Provided:

The Municipality shall furnish the Company with the following:

- a) One (1) large and two (2) small copies of the up-to-date tax map (or sufficient digital maps) approved by the Director of the State of New Jersey Division of Taxation or his or her designate indicating the real estate assessment numbering system to assist field inspectors in locating properties; it should be noted that the tax maps may be “conditionally approved” which shall be considered acceptable for use in the valuation process.
- b) An electronic copy of the MOD IV file, and corresponding record layout from the Municipality’s data custodian, of current property records for all properties currently listed upon the tax records of the Municipality. This electronic file shall include, but not be limited to, the block, lot, additional lots, owner’s name and address, property location and property classification. The Municipality will also provide an outline and explanation of any unique data fields utilized by the Assessor to ensure that the Company’s revision of property records does not interfere with such data fields.
- c) Letters of introduction to facilitate the Company’s access to properties for inspection and data collection purposes.

15. Property Inspection:

At least two (2) weeks prior to their scheduled inspections, unless a different time frame is directed by the Assessor, the Company shall notify the current owners on file for each property within the Municipality (excluding Municipality-owned properties), by mail, that the Company will be conducting inspections, explaining the nature and purpose of the data collection program.

The letter will come from the Tax Assessor’s office at the Company’s expense and must state that each property will be subject to an interior and exterior inspection and that there will be no further

notice prior to inspection visits.

The letter will provide contact information for the Assessor to field any specific questions and instructions which enable property owners to complete a remote virtual ("RV") interior inspection which does not require physical entry by contacting the Company. A copy of said letter must be submitted to the Assessor prior to being mailed.

RV inspections shall be completed for all property owners who contact the Company following the initial mailing and prior to the conclusion of each annual project (which shall occur 2 weeks following final property visits). During property visits a property owner may elect a physical walkthrough to complete an interior inspection. All property owners who do not elect a physical walkthrough will be provided with instructions for completing an RV inspection.

Inspection visits shall be made after 9:00 a.m. but before 7:00 p.m. on any day, Monday through Saturday. RV inspections may be completed with property owners on any day of the week.

Interior data may be collected directly from property owners in select circumstances, as permitted by the Assessor, such as cases in which an owner or occupant's health is not conducive to a physical walkthrough or an RV inspection.

If the owner/occupant is not available at the time of an in-person visit, a calling card or "door tag" shall be left in a conspicuous place (not in a mailbox) indicating that the field inspector has attempted to visit and providing instructions for the owner/occupant to contact the Company to complete an RV interior inspection. This card shall include information advising that the inspection is necessary for the Municipality to accurately assess their property and that failure to complete an interior inspection may impact any assessment appeal.

This Contract requires the inspection and verification of all property exteriors and up to three interior inspection attempts for properties which have not yet completed an RV or an interior walkthrough inspection. The Company shall not be required to complete any exterior inspections of properties which are inaccessible, or any exterior or interior inspections when the property owner and/or occupant refuses to permit inspection, with such properties being labeled accordingly for the Assessor and excluded from subsequent visits.

In cases where no interior inspection is possible after the attempts required herein, an owner/occupant fails to contact the Company to complete an RV inspection within the designated time period or fails to allow entry to the premises, the Company shall indicate this on the relevant property record, for review by the Assessor. In no event shall a card be left requesting the owner/occupant to fill in information.

The Company shall indicate those properties for which an occupant was handed RV inspection instructions during a physical visit in which the occupant declined to complete an interior walkthrough inspection, so that the Assessor can mark those properties as refusals if an RV is not subsequently completed by the property owner prior the conclusion of the annual project.

The Company shall immediately notify the Assessor of any properties discovered not to be on the current tax list so as to permit adequate time to place an Added/Omitted assessment on the property.

The type of construction will be recorded by component parts such as, but not necessarily limited to, foundation, basement area, wall construction, roof, floors, interior finish, heating system, fireplaces, plumbing, fixtures, number of rooms and physical condition, as possible.

Each inspector shall record the name or code of the person making the inspection, the date of inspection, and input the name of the owner/occupant who is present (whether for a physical

walkthrough or RV inspection) when verifying that an interior inspection has been conducted.

All properties within the Municipality must be inspected and verified during the term of the Contract, subject to the exceptions noted above, which shall include the initial term and extensions.

The Company shall be responsible for identifying those properties subject to inspection in any given year, with the exception of properties identified for Added/Omitted inspections which shall be the responsibility of the Assessor.

Inspections of 20% of the Municipality's properties shall be completed on an annual basis, provided that the Company may inspect a greater or lesser number of properties during any calendar year upon the agreement of the Parties, and provided that (i) not less than 40% of the Municipality's properties are inspected during any contiguous two (2) year period, and (ii) all of the Municipality's properties are inspected during the full five (5) year inspection cycle.

Inspection data shall be electronically forwarded to the Municipality's data custodian at the completion of each annual portion of the project. Upon completion of a review by the Assessor, should discrepancies appear in the Company's data, the Company shall make the necessary corrections at its own expense.

The format of the property record data collection card shall be as indicated on the Monmouth County System (MOD IV and CAMA). The Assessor may make random spot checks throughout the Municipality to verify that inspections are being conducted in the appropriate manner. The Assessor or his designee may accompany Company employees at any time during field inspections.

16. Added/Omitted and Farmland Assessment Inspections; New Sketches

The Assessor shall provide the Company with notice by March 1 of each year in which it directs the Company to perform Added/Omitted and/or Farmland Assessment inspections, upon the terms provided in Appendices G and H, respectively. Such notice will indicate if the Municipality is directing the Company to create new, electronic sketches of any property classes, and include a preliminary list of properties for Added/Omitted inspections, if available.

Any Added/Omitted inspections shall pertain to all properties with outstanding permits, and in no circumstance will the Company perform inspections upon any subset of such permitted properties (with other Added/Omitted inspections being performed by the Municipality or third parties).

If the Municipality elects to have the Company perform its Added/Omitted inspections, it will furnish a final list of such properties (in a format provided by the Company, which may include entry via an online portal) by June 1 of each year. If the Municipality regularly updates its permit file in MOD IV, this file will be the required deliverable to the Company.

17. Computer Requirements:

The data collection of all properties must be computer generated so that the data can be integrated into the computer mass appraisal system (CAMA). The Municipality currently uses and will continue to use Micro Systems-NJ tax assessment software.

It shall be the Company's exclusive responsibility to ensure compatible and actual operation of any computer system that the Company may use.

The Real Property Appraisal Manual of New Jersey, Third Edition, Volumes I and II and any updates must be computerized for the purpose of generating computer data files for residential and commercial properties.

No distribution of any materials, with the exception of the MOD IV tape as required by the state, shall be permitted.

18. Digital Photography:

A new digital photograph will be taken by the Company, at its own expense, for all improved properties (no matter the class), which will include the county and municipal district code, tax block and lot, and be properly attached to the MOD IV and CAMA files for each property. Additionally, residential or commercial structures on the same parcel shall be separately photographed, and the Municipality may direct the Company to take additional photos for an agreed upon fee.

19. Residential Data Collection:

For data collection relating to residential properties, the schedules shall contain all variations of wall construction, roofs, floors, heating, air-conditioning, plumbing, fireplaces, interior finish, finished attics, dormers, finished basements, built-ins, multi-family homes, decks, patios, porches, piers, piles and garages, the condition of which will be verified (or changed, if applicable) in each property record.

20. Commercial, Industrial and Apartment Data Collection:

For data collection relating to commercial, industrial and apartment properties, site improvements such as fencing, lighting, docks, and paving are to be recorded as accessory items, and the condition of each property's features will be verified (or changed, if applicable) in each property record.

21. Records and Computations to Become Property of Municipality:

On an annual basis, upon the conclusion of all property inspections and acceptable revisions, the Company shall meet with the Assessor upon his or her request to finalize all aspects of the project. The Company shall transmit to the custody of the Assessor (via the Municipality's data custodian) all data collected by the Company pursuant to the project if not previously provided. These records may include, but not necessarily be limited to:

- (1) Written statements to the public or group concerning the nature of the project;
- (2) Any letter or memoranda to individuals or groups explaining methods used in the data collection;
- (3) Data processing information pertaining to the format of the computer systems used in the project;
- (4) Pictures of properties as required by this Contract;
- (5) Records containing property data files which will be used in the development of the Assessor's certified tax list, in a format consistent with the New Jersey Property Tax System MOD IV; and
- (6) Any other records pertaining to the project.

22. Cost Proposal for 5-Year Inspection Plan (3-year award with two 1-year extension options):

In accordance with the Assessment Demonstration Program, and its implementation schedule promulgated by the Monmouth County Board of Taxation with the consent of the New Jersey Division of Taxation, providing a program for "Annual Qualified Reassessment to 100% of market value" supported by a five (5) year program for the inspection of all properties, the Company shall provide a schedule of fees relating to the cost of data collection and data verification via internal inspection in Appendix E.

23. Affirmative Action:

The Parties agree to incorporate into this Contract the mandatory language of subsection 3.4(a) of the regulations promulgated by the New Jersey State Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time, and the Company or subcontractor agrees to comply fully with the terms, provisions, and obligations of said subsection 3.4(a), provided that said subsection shall be applied subject to the terms of subsection 3.4(d) of said regulations.

The Parties agree to further incorporate into this Contract the mandatory language of subsections 7.4(a) and (b) of regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time, and the Company or subcontractor agrees to comply fully with the terms, provisions, and obligations of said subsections 7.4(a) and (b).

The Company shall execute and comply with all requirements contained in the Affirmative Action Affidavit attached hereto, which shall be incorporated herein by reference. The Company shall submit a copy of its Certificate of Employee Information Report or Form AA-302 (Initial Employee Information Report) prior to any payments being made under this Agreement.

The Parties, for themselves, their heirs, executors, administrators, successors, or assigns, hereby agree to the full performance of the covenants herein contained.

24. Americans With Disabilities Act of 1990:

The Company agrees to comply with the "Americans With Disabilities Act of 1990", which shall be incorporated herein by reference.

IN WITNESS WHEREOF, for good and valuable consideration, the sufficiency of which is hereby acknowledged, the Parties have executed this Contract with an effective date this ____ day of _____, [2025].
