Re: Monmouth County Oceanic Bridge (S-31) Replacement Project  
on Bingham Avenue-Locust Point Road (CR 8A) over the Navesink River  
Borough of Rumson and Township of Middletown, New Jersey  
**Navigation Survey Letter**

Attn: Property Owners, Mariners, Marinas and Interested Parties with Vessels,

You have been identified as a Navesink River waterfront property owner with potential interest in navigation access under the Oceanic Bridge. This letter is to provide notice that a navigation survey is being conducted by AECOM, a member of the Michael Baker Project Team, working on behalf of Monmouth County and the New Jersey Department of Transportation regarding the Oceanic Bridge (S-31) Replacement Project. The project proposes replacing the existing movable bridge with a high-level fixed bridge offering 65' vertical clearance above mean high water (MHW).

AECOM personnel will be visiting marine facilities up and downstream from the Oceanic Bridge to determine the character of navigation utilizing their facilities. They will also be coordinating with the U.S. Coast Guard, U.S. Army Corps of Engineers, N.J. Marine Police and local marine authorities (harbormasters) to ensure their operations are factored into the navigation survey.

It is important to us to include input from local private navigational interests as well. If you are a boat owner, please complete the form on the back of this page to provide information about your vessel(s).

You can learn more about the project at [www.monmouthcountyoceanicbridge.com](http://www.monmouthcountyoceanicbridge.com). Should you have any questions, please feel free to call 732-431-7760 or email [monmouthcountyoceanicbridge@gmail.com](mailto:monmouthcountyoceanicbridge@gmail.com).

Thanks for your time and support as we move forward with this important work on the Oceanic Bridge.

Sincerely,

A handwritten signature in black ink that reads "Thomas A. Arnone".

Thomas A. Arnone  
Monmouth County Commissioner Director
